

Huntsman Cup Match Report.

With a cloudy start to the day and storms forecast who knew what we was going to get weather wise today. With 17 anglers fishing at Kingsbury Drove it was set out to be a great match again. We had permission to drive behind our pegs again and this always helps we was met at the gates by Dave Pope and Rob Newbery who was there taking the money and drawing out our pegs.

As I was setting up I said hello to the few members that past my peg Dave Hilton, Mike Goad, Daniel Mattock, Terry the toast Morgan. As the whistle went for the all in I shouted up all in so everyone knew it was time to start all seemed quiet on the bank from where I was a few bites a few fish been caught and a steady day plenty of dog walkers and joggers saying there good mornings and all seemed good. However things where not so quiet down the other end of the river, with Jason Evans cursing all over the place smashing up 4 top kits losing most his tackle and at one point maybe even losing his marbles (haha) he was not having a good day the chub was getting the better of him along with the good old trees. A little further up the river things where not so great for good old smasher (John Simms) as I was told after the match at one point he had not one but two angers dragging him back on the bank after nearly going in as he kicked his keepnet into the water tried to save it with his landing net and that snapped and ended up in a bit of a pickle. Thanks to Derek goad and Steve the pole Parker for rescuing him as I never heard a thing. So not only did all this happen as I was putting smashers box on his peg for him I didn't notice his two side trays on his footplate and they went straight into the river and we didn't get them back so all in all a good day for smasher really.

So moving on the match was great and fish caught which is always good and before I Knew it the all in was called.

The results were as follows

1 st Terry Morgan	7lb 5oz
2 nd Russell Hilton	5lb 6oz
3 rd Jamie Rich	4lb 13oz
4 th Dave Pope	4lb

Section winners went to

Dave Hilton	3lb 15oz
Rob Cox	3lb 10oz

Thanks for a great day all.
