

Revels Match Report – 4th April 2021

Finally we are back. Our first match saw us fishing revels, twenty five anglers fished over two lakes, main lake and canal. All round some good weights but the frost the night before definitely made it a more challenging match as we saw weights on canal from 2oz to 22lb and 30lb winning on main. The slivers also saw some very good weights with 9lb 6oz winning on main and 7lb 15oz winning on Canal. It was really nice to see so many people out fishing.

Thank you everyone for sticking to COVID Guide lines and Making the match not only safe but a very enjoyable day.

Sam
