

# River Pairs Match Report

---

Eight pairs met up at Kingsbury Drove Downstream for the eagerly awaited draw organised by Cliff Gaylard. The weather was reasonable with a chance of a shower later in the day. However with very little meaningful rainfall in the past week the river looked worryingly clear; it could be a tough day!!!

And so a very tough day it turned out to be with good fish very few and far between. Congratulations to Nick and Jenny for securing the Pairs Cup and to Derek and Dan for runners up having pipped Danny and Chris Norton on total weight. Section A win was shared between Cliff Gaylard and Danny Blunn with 2lbs 9ozs apiece and Section B with the best weight of the day of 4lbs 14ozs went to Russell Hilton. A big thank you must go to Cliff for pegging out and the draw/prize giving ably assisted by Wayne. Finally many thanks to all who turned out for what was a very enjoyable day despite the low weights.

Tightlines.
