

## Avalon Simms Silvers

---

13 members fished the match. With a cold northerly wind expected Vic Bush selected pegs down the left bank of Moors Lake affording us some shelter.

Vic was defending his title from last year and fishing his own Lake we knew it would be difficult prising the trophy from him. In the end 2 members gave him a good run for his money but it wasn't quite enough.

In Avalon terms it was a hard day with none of the big bream showing up. Both Vic and Andy caught predominantly on the waggler with maggots picking up mostly roach and the odd skimmer. Runner up Jake Berkley did well on the pole at 11m catapulting maggots over the top picking up roach at half depth and then latterly taking some useful skimmers on the wag and corn.

Many thanks to Dave for the weigh in and thanks to all for supporting the club. Our next club match will be our Christmas Fayre Match on 12 December so hope to see you there. In the meantime

Tightlines all.
