

Todber Manor Match Report

This match was advertised as a 08.00 draw fishing 09.00 to 15.00. However at 08.00 we were 3 men short but after a frantic phone call and equally frantic response the stragglers were extricated from MacDonald's at Wincanton and the all in was eventually sounded at 09.30 fishing til 15.30.

The weather was cloudy but mild and the prospects looked fair for a good day's fishing. As is normal for the Hillview venue the fish were in a feeding mood so it was down to who could make the most of the situation and in the quickest time. Dan Squires' pedigree shone through yet again taking 230lbs 10oz for top spot. Close on his heels was another thoroughbred in the form of Roy Worth claiming second place with 212lbs 15ozs and in third place was the old pro Dave White on 162lbs 0ozs. Most of the carpers returned their silvers to the water to leave, by quintuple default, Andy Downton to scoop the silvers spot with a bag of 10ozs!!!!
