

Todber Manor, Hill View

With some additions and a couple of withdrawals we ended up with 17 members fishing. After a hearty breakfast at the lake the draw took place and we made our way to our respective pegs. The lake being a 28 pegger was well covered with many enjoying good space either side. Because of the huge weights of late on the lake we were advised to reduce the match time to 5 hours which proved to be a good decision.

Once again Dan, the top angler that he is, showed us all how to do it and do it quickly. It was a joy to watch the maestro at work filling all of his 12 nets!!! Well done Dan.

Even the two Dave's, having caught far more than the rest of us, could not get anywhere near him, but well done to you two also. The two section winners Steve Chant and Dave White also did well both coming up just short of the 300lb mark and well done to Steve Parker for picking up the silvers spot. All in all 17 members caught 3,842lbs (1.7tons) so one can imagine the shift put in by the weighers particularly Andy's Burns and Downton who did the lifting and Rob and Chris the mathematics – thanks boys.

A number of match weight PB's were exceeded so a lot of members who didn't frame came away with something to talk about.

Finally a big thank you to Steve of the 'Somerset Rig Company' for his generous donation of £15 to the club charity.
