

Trinity Water Lakes – Qualifier #6

This was the last qualifier match of the 2022 season with the Rosebowl and Club Championship at stake. With the Rosebowl already safe in the hands of Roy "The Bomb" Worth it was just down to whom would take the championship. Chris White had a good lead but if Jamie Rich were to take all 15 points then Chris would have to finish better than 10th place.

16 members fished and the weather was mild but with heavy thundery showers expected.

On Trinity Waters standards the fishing was hard and the expected thundery showers turned up with a vengeance. The carp were very conspicuous by their absence with most latching on to catching silvers. With no success on the pole, even for Silvers, and in the unfancied peg 10, Chris White reverted to bomb and pellet and through the last half of the match managed 7 carp for 51.08 and the win. There was quite a tussle for framing with 5 anglers over 20lbs but Dave Chidzoy finished in second spot with 27.05 and the indomitable Roy Worth took third place with 24.04. A nice bag of 14.09 was enough for Nick Payne to take the Silvers spot. Andrew Winter (23.13) and Nick Veale (22.06) picked up section spots. In the end the club championship was comfortably secured by Chris and Roy showed his pedigree by making doubly sure of the Rosebowl. Well done to all who took part and thank you for your support.

Final Standings:-

Rosebowl;

Roy Worth 7215pts

Jamie Rich 5787pts

Vic Bush 4724pts

Championship;

Chris White 110pts

Jamie Rich 90pts

Nick Payne 87pts

Although principally a Silvers angler a congratulatory word must also go out to Jamie Rich for being runner up in both trophies. Well done Jamie. A full roll of honour for 2022 can be found on the club website.

That's the end of trophy matches for this year but we have a final away day on Campbell Lake at Viaduct on the 27 November and of course our Christmas Fayre on 11 December, more news on that to follow shortly. Would be great to see as many as possible at both events but in the meantime;

Tightlines all.
