Match Report from Chris Deady

First river match yesterday in glorious weather (for a beach holiday not for fishing) so it was bound to be a struggle at times. With a great turnout of thirteen anglers we used both fields at PW in order to space the pegs out. In third place with 3-05 was John Charles Simms from peg 1, second place was Chris White with 3-07 from peg 24. Top place went to David Hilton with a fantastic bag of quality chub from peg 9 for a great weight of exactly 8 lb.

Hopefully you should be able to access all the results on the attached file. Thank you to all who fished and helped prepare the swims leading up to this first match.
